We need a plan.*

A KINGDOM STRATEGY

FOR COMMUNITY TRANSFORMATION

DR. TONY EVANS

For far too long, believers have looked to political, economic, social and education-based agendas to address the decay now engulfing us. But spiritual success in spiritual war depends entirely upon spiritual solutions. God has given us a three-pronged **KINGDOM AGENDA STRATEGY** for kingdom-minded pastors to adopt and implement across racial lines in every community. These are pastors who are developing kingdom disciples leading the way in impact, unity and societal transformation by equipping them to build families and infiltrate the culture in order to reflect and transfer kingdom values.

The decay of our culture is, at its core, a spiritual issue. That is why we believe when the church decides to **OPERATE IN UNITY** on a kingdom-based agenda that we will usher in true and lasting hope for our land.

Churches must **COME TOGETHER** across class and cultural lines and work toward reconciliation. We must heed the clarion call—from heaven into history and from eternity into time—for Christians to live fully as kingdom disciples.

“The **KINGDOM AGENDA** is defined as the visible manifestation of the comprehensive rule of God over every area of life. The church has been given the unique responsibility and authority to usher in this agenda in history.” *(Matthew 16:18-19)*

Unless kingdom-minded influencers significantly enter the discussion and assume the leadership for promoting justice and righteousness in society in order to **RESOLVE THE DIVISION CRISIS**, we will be hopelessly deadlocked in a sea of relativity regarding this issue, resulting in restating more questions rather than providing permanent answers. God is not going to bless a country or a culture that comes up with its own rules and asks Him to bless it. God expects kingdom-minded churches to lead the way.

This is a defining moment for us as churches and citizens to decide whether we want to be **ONE NATION UNDER GOD** or a divided nation apart from God. If we don't answer that question correctly and if we don't answer it quickly, we won't be much of a nation at all. *(2 Chronicles 15:3-6; Psalm 33:12)*

1
The strategy to solve America's social problems lies within the church.

3
Unity isn't just about getting along. It's about getting things done.

2
This is not a time for silence. This is a time for clarity, in love.

ADDRESS
UNIFIED COMPASSIONATE VOICE

ACT
UNIFIED SOCIAL IMPACT

The third point of the 3-Point Plan is to act together to bring about unified social impact. We will make a bigger impact when we intentionally align our actions with each other in order to produce greater momentum.
